Thank you for completing this questionnaire. If you have photos/clippings of gardens, plants, stone, or overall projects you like, we'd love to see them! You can email them to us at alexa@theplantprofessionals.com or have them ready when we come to your appointment. We look forward to providing a creative and pleasant experience with your landscape project.

Our \$100 consultation fee includes:

- Meeting to walk your property, discuss goals and budget, likes and dislikes
- Digital photos of all areas will be taken
- Measurements of current beds, proposed hardscapes will be taken
- A proposal that includes detailed material list, estimated labor, and a detailed recommended plant list with quantities and photos of all suggested plants will be provided within two weeks
- A black and white hand sketch on graph paper. Sketch to be provided with proposal where appropriate.

A computer-aided design may be appropriate for large jobs with a considerable amount of detail. This allows the designer to lay out a complete design and plant materials. It shows the client what the finished product will look like at the time of planting, two years out, and allows substitutions of other species during the design process, at the client's request.

Our computer design fee starts at \$200, varies based on size of design area, and includes:

- A large scale planting plan
- A detailed proposal that includes a description of the project, a material list, estimated labor, and a recommended plant list with quantities and color photos of all plant species.
